re: Report

Dear Sue:

I was called to SU (CMO Int) 24 Nov to see HCO Cope Off.

Turned out it was over a report Norman wrote on me. I explained my stand re verification of facts to HCO Cope Off and she agreed.

I then wrote this report at her request to the various people who had received Norman's report.

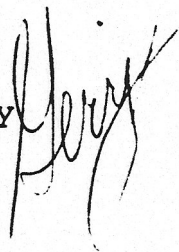

I just wanted to let you know what had gone on as you are my senior and should know.

The report pretty well explains it all.

It's silly, really, and could have been handled in 5 minutes comm. But it's done now.

RE: YOURS ON NORMAN'S RPT

Dear Gerry;

Thanks v much for your dispatch. I've forwarded it to those you cc'd.

Now - what you discussed with me here in my office made sense and is fine, as is what you write in your dispatch. There was no intent behind Norman's report to have you removed or replaced on the pjt. His was only concern to ensure that everything was A-OK.

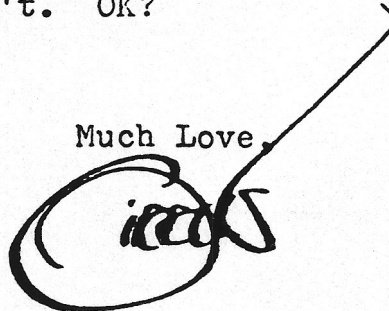

Nor do I have any intentions of having you replaced on the project. There is not a situation there! So don't worry about your position and don't get unstabilized about it.

Norman wants to get in comm with you as well, and may have by now. This can all get cleared up very easily.

Please let me know right away that you understand and are just going flat out (or continuing to do so) so you finish.

Again - my concern was to ensure there was no sit there to be handled. As far as I'm concerned (and I'm the terminal involved), there isn't. OK?

Much Love,
